

AI-POWERED TRANSFORMATION FOR BROKERS & PROP FIRMS

ARE YOUR ANALYTICS GIVING YOU THE FULL PICTURE?

As a broker or prop firm, you may already see risks, client behavior, and trading performance — but are you seeing it clearly and efficiently?

- ?
- Can you identify real risks fast with confidence?
- ?
- Are your most profitable traders easy to spot and analyze?
- ?
- How easily can you detect system abuse, like scalper activity?
- ?
- Is tracking performance simple, or is it slowing you down?
- ?
- Are you missing critical operational insights?

At AIBI.Global we take analytics to the next level: easier, faster, and far more insightful. Our advanced solutions reveal the full story behind your data — helping you make smarter decisions without any frustration.

ONE PLATFORM. UNIFIED ANALYTICS. BUILT TO SCALE.

Stop stitching together multiple tools. AIBI.Global unifies **Risk Management**, **AI Analytics & Prediction**, **Sales & Client Retention**, and Conversion tracking for **Sales Reps**, **IBs**, and **Affiliates** — all in a single, affordable platform.

OUR SOLUTIONS OFFER:

RISK MANAGEMENT

Real-time exposure, fraud & abuse detection, risk alerts.

AI & PREDICTION

AI-driven profitability forecasts and A/B-book routing recommendations.

SALES & RETENTION

Smart triggers for margin calls, inactivity & at-risk clients.

CONVERSION KPI'S

Tracking for Sales, IBs & Affiliates — leaderboards and verified payouts.

WHY ALL-IN-ONE WINS

Multiple tools mean higher costs and slower decisions. In-house builds take years before value shows. With AIBI.Global, you launch fast, cut complexity, and act from day one.

STEP-BY-STEP JOURNEY

Step 1.

INITIAL CONSULTATION

We organize a meeting with you to understand your needs and challenges.

Our goal is to **find the best solution for you**, even if it's not included in our standard offers.

Step 2.

AGREEMENT AND CONTRACT SIGNING

- We provide a clear contract with scope, pricing, and terms.
- You review the documents, adjust if needed, and sign the agreement.
- Outcome: A transparent agreement with no hidden fees.

Our pricing is designed to be transparent and adaptable to your needs, ensuring you only pay for what truly benefits your business. Let's discuss the best plan tailored for you.

Step 3.

ONBOARDING AND INTEGRATION

- Data Gathering

You provide us access to necessary systems (e.g., CRM, trading platforms) using only non-personal data related to your business processes.

- Implementation

We integrate the solution into your systems (2–4 weeks).

- Training

We train your team with step-by-step guidance.

Step 4.

ONGOING SUPPORT AND OPTIMIZATION

We offer swift technical support and continuous optimization to meet your needs.
